

PROTAPE® DISPENSERS

These dispensers streamline your normal wrapping procedure, allowing you to manually dispense, wrap and cut any length of tape.

B-16

This design speeds tape application and assures a neat package. This basic dispenser can accommodate 3" or 3.5" cores.

300V

This basic dispenser allows easy handling and cutting of ProTape® for manual application. The 300V has a lightweight and durable construction making it ideal for flexible low-volume applications.

300V-II

This economical dispenser features an application plate to measure, cut and apply ProTape® to asparagus, spinach, leafy lettuces, green onions and other fresh vegetables. The 300V-II is lightweight, durable and versatile.

3000V

With the push of a hand this semi-automatic dispenser measures, wraps and seals to make a secure and attractive bundle. The 3000V is three times faster than the pull and cut dispensers and built to give hassle-free service.

5000V

When two hands are required to handle your produce, this electric ProTape® Dispenser can be activated by the foot pedal feature. The 5000V is built for speed and ease of application.
